

**CASH. LOGISTICS.**  
**SMART. TECHNOLOGY.**

Garda Technology counts, secures and moves your money faster than you might think.

Garda's **CMS8000 Series autosafes** enhance the security of your cash, improves the efficiency of your employees and increases the satisfaction of your customers. The ergonomic touch screen display has options for placement that best suits the needs of your store(s). Our software lets you program an intuitive, step-by-step sequence, where only the application and user-specific command screens each employee needs will appear. With minimal steps required to perform the desired functions, employees are now free to focus on better serving your customers.

### NEW FEATURES

- Versatile display mounting options
- Memory stick stores daily information for each location. In case of system failures, data is easily restorable
- Multi-language option allows user to view the screen in English or Spanish
- Touch screen HELP buttons that can walk users through functions
- Automatic software updates can be remotely uploaded to unit by AT Systems
- NACSXML Compliant
- Improved diagnostic features

### SECURITY

- Unlimited number of users (employee security levels and access can be customized)
- Secure cabinetry great for 24-hour stores
- Time delay opening: 0 to 99 minutes (programmable)
- Time delay vend: 0 to 99 minutes (programmable)
- Audit reports by cashier, shift, business day and contents
- 30-day transaction audit trail is expandable

### CONNECTIVITY

- Units connect to a Windows XP-based PC that serves an unlimited number of pedestals with the ability to download bill-reader updates automatically, as well as providing additional data storage
- Compatible with major back-office systems

### SIZE & CAPACITY

- Low profile & ADA compatible
- Change control system will hold (on average) 400 rolls of coin and currency
- Highest capacity in the industry - single-source accountability
- Secure storage space for storing boxed coin and strapped currency
- Dispense change without using plastic tubes

### USABILITY

- Training and retention is made easier with the large touch screen
- Cashier speed keys
- Change fund always in balance (with 'buy change' option and remote bill reader)
- Great for truck stops, large retail stores, hotels or any cash-intense operation
